

Professional Summary

Data Analyst with hands-on experience in SQL, Power BI, Excel, Python, and MySQL. Skilled in data cleaning, exploratory data analysis (EDA), dashboard development, and business reporting. Experienced in designing relational databases, writing complex SQL queries, and transforming raw data into actionable insights to support data-driven decision-making.

Professional Experience

Data Analyst at Koderz Technology Pvt. Ltd., Nagpur (1 Oct 2025 – Present)

- Cleaned and transformed datasets containing 100000+ records using SQL, Excel, and Python, improving data accuracy and reporting efficiency.
- Developed interactive Power BI dashboards tracking 10+ business KPIs, reducing manual reporting effort and improving decision-making speed.
- Design and manage MySQL databases, ensuring data integrity through Primary Keys, Foreign Keys, and database constraints.
- Created and optimized complex SQL queries across multiple tables, reducing report generation time and improving data retrieval efficiency.
- Designed and implemented a Job Portal Database Management System in MySQL with 15 relational tables covering employers, job seekers, job postings, and applications.
- Create ER diagrams and normalized database schemas to improve data organization, storage efficiency, and retrieval performance.
- Collaborate with stakeholders to understand business requirements and translate data into meaningful insights and reports.

Data Analytics Intern | MetaZen Digital Pvt. Ltd. | Mar 2024 – Dec 2024

This project is developed for Business operations for central India's Transportation and logistic company.

- Designed Tableau dashboards and SQL reports for logistics operations, enabling real-time monitoring of key business metrics.
 - Built forecasting using parameters, trend lines, and reference lines that were reported to Wall Street for quarterly earnings reports, saving 60 hours of manual work each quarter.
 - Automated a report for the marketing team using filters, parameters, and calculated sets that automatically qualified sales leads, improving conversion rate by 7%.
 - Built operational reporting in Tableau to find areas of improvement for team resulting in 5% in annual incremental revenue.
-

Projects & Achievements

- AI Data Analyst Pro:** Developed an AI-powered analytics platform capable of analyzing CSV and Excel datasets with 50,000+ rows through natural language queries. The platform enables automated data exploration, KPI monitoring, interactive visualizations, correlation analysis, and AI-assisted insight generation, helping users perform business analysis and data-driven decision-making without writing complex code.
 - Job Portal Database Management System | MySQL:** Designed and developed a relational Job Portal Database Management System in MySQL comprising 15 interconnected tables for employer management, candidate profiles, job postings, and applications. Implemented primary and foreign key relationships, constraints, and normalized schemas to ensure data integrity and efficient data management. Created ER diagrams and developed SQL queries using joins and aggregations to support recruitment analytics and reporting.
-

Education

- Master of Business Administration (Marketing & Operations Management)**
G.H Rasoni Institute of Management Research, Nagpur, Maharashtra (2023)
 - Bachelor of Commerce in Computer Application (BCCA)**
Dr. Ambedkar Institute of Management Studies and Research, Nagpur, Maharashtra (2021)
-

Key Skills

- Data Analysis & Visualization:** Power BI (DAX), Tableau, Data Visualization
 - Programming & Databases:** Python (Pandas, NumPy, Matplotlib), MySQL (Joins, Queries, Data Manipulation)
 - Data Analytics Tools:** Advanced Excel (Pivot Tables, Lookup Functions, Data Cleaning, EDA)
 - Business Intelligence & Reporting:** Dashboard Development, Business Reporting, Data Insights
 - Soft Skills:** Problem-Solving, Stakeholder Management, Communication, Team Collaboration
-

Certifications

- Data Analytics Certification – Edu-Bridge India
 - SQL Certification – Great Learning
 - Employability Skills (Soft Skills for Workplace) – Edu-Bridge
-

Additional Information

- Languages:** English (Fluent), Marathi (Native)
- Leadership:** Former President of NSS (National Service Scheme) – Led strategic initiatives and team collaborations.
